Global Day

This time of year is the time when we celebrate Global Day. This year's celebration was held quite differently. In the past, the AGS community would usually have setups of displays spread out in various parts of the school for many countries from around the world. Students and staff would come to school in their national clothes bringing in their traditional food and performing their traditional dances and music. Given the new circumstances we were able to continue with the celebration through a virtual tour of our students representing their countries by making video submissions where they share some information about their countries in various forms such as dance, costumes, photos, poems, shows and food displays. Just before the Spring Break our Morning Announcements were devoted to these submissions showing the diversity we have at AGS. Thank you to all who participated in this very special event.

AGS Orientation for Senior High Grades

Course selection for 2021-2022 has begun. We have some new students who will be attending AGS and joining our already well populated high school.

During the month of March, Grade 11s are having individual meetings to discuss their course options for next academic year. After the Spring Break in April, grade 10s will be invited to do the same. Parents are welcome to join the virtual meetings. *Ms. Janet DesJardins Sr. High VP*
